Minutes of the Ordinary Meeting of Wendron Parish Council held on Monday November 10, 2014 at 7:30pm in the Community Hall, Burras.

| | | |
|-----------------|------------------------------|----------------------|
| Present: | Cllr Mrs M.Warren (Chairman) | Cllr C.Mitchell |
| | Cllr N.van den Berg | Cllr Mrs D.Mitchell |
| | Cllr R.Ferris | Cllr Mrs S.Moyle |
| | Cllr Mrs S.Hook | Cllr A.Tremayne |
| | Cllr R.Maddern | Mr C.Chapman (Clerk) |

Visitors to the meeting: Cllr Dr Jenkin, Mr Struggles and Mr Hacock (Environment Agency), Mrs Pearce, Mr and Mrs Thomas, Ms Weston.

A potential new Flood Warning Service for the community of Trenear

Before the meeting, the Chairman welcomed Mr Duncan Struggles and Mr Will Hancock of the Environment Agency who were present to brief members and residents on proposals for the development of a new Flood Warning Service for the community of Trenear.

Mr Struggles introduced himself and his colleague, Mr Hancock. He went on to describe a Flood Warning System which the Environment Agency intends to introduce for the inhabitants of eleven properties in Trenear with effect from late February 2015. However, this particular system relies on data which is not as accurate as, for example, the warning for Lowertown and St Johns in that the river gauge is downstream of Trenear and this increases the risks both of warnings arriving too late for appropriate action to be taken and of false alarms. The more feedback the Environment Agency has from local people with knowledge of flooding events, the more accurate any future warning can be.

The Flood Warning System sends alerts through the mediums of e-mail, fax, text, voice-mail and the internet to named individuals who have signed up to receive such alerts.

Members noted that a Community Emergency Plan which, in its simplest form, merely encourages neighbours to keep an eye on one another and provide help and support in times of emergency might be useful.

Mr Struggles drew members' attention to the law requiring riparian owners to manage the banks and the passage of water on water-courses in their ownership.

Finally, Mr Struggles mentioned the occasional central government grant awarded to underwrite flood-prevention schemes by individual households

Thanking Mr Struggles and Mr Hancock for bringing the Environment Agency's proposals to the notice of the Parish Council, the Chairman stated that the residents of Trenear would undoubtedly be very grateful for this initiative.

The Chairman welcomed members and visitors to the November meeting.

There was no report from the Police.

5 CORNWALL COUNCILLOR'S COMMENTS

CCllr Dr Jenkin reported that, since the meeting in October, she has attended

- a meeting of the Standards' Committee, which now includes a Parish Clerk amongst its members
- planning and site meetings, including a meeting at Lancarrow with the Planning Inspector appointed as the result of the appeal, who will make a final decision concerning the proposed wind turbine
- an all-member briefing concerning the proposed Cornwall Council budget for 2015/2016 and a meeting of the Helston and the Lizard Community Network at Helston School at which views were sought on those proposals
- a Cabinet meeting at which proposals both for cuts in the budget and for changes in the way Cornwall Council works were discussed. (CCllr Dr Jenkin stated that she is not convinced that the Authority is either acting in a morally correct fashion or doing sufficient to persuade central government that Cornwall should receive at least the country-wide average per capita grant.)
- an informal meeting to discuss the Health and Adult Care Act (which devolves more responsibilities onto Local Authorities but, possibly unsurprisingly, comes with insufficient funding)
- a Governors' Meeting at Halwin School following the findings of the OFSTED Inspection ('could do better') and the new Head Teacher's appraisal
- a 'Land of Steam' networking event, which may lead to a marketing initiative capitalising on Cornwall's heritage of steam
- the Remembrance Day service in Praze at which, sadly, another name was added to the War Memorial
- an event in the Helston Museum at which the plans for the new Archive Building at Redruth were made available for comment.

In answer to a question, CCllr Dr Jenkin said that, historically, Cornwall has been underfunded since the introduction of the Barnett Formula – underfunding which today amounts to £48million per annum, or sufficient to enable Cornwall to maintain all the services it currently provides.

7 PUBLIC PARTICIPATION

Mr Thomas stated that he was present to seek support for his family's proposal to build a Local Needs dwelling in Menherion. A full application will follow.

Introducing herself, Ms Weston of the Ramblers' Association thanked Wendron Parish Council for the work it has done to improve and maintain the network of Public Rights of Way throughout the Parish, adding that in recent years the network had improved beyond recognition. However, she drew members' attention to the recent work done by a landowner which has resulted in the destruction of the new causeway (part of PROW 118) built by volunteers using money from a bequest. In spite of problems with a dog, the path is a popular path and the matter had been swiftly reported to Cornwall Council which, she understands, is taking action. The Council agreed to advertise a series of walks which she will be leading in December.

8 PARISH MATTERS

Creation of a Neighbourhood Plan

Cllr Tremayne reported that he had relayed the Parish Council's request for suggested headings and, possibly, a way forward with the production of a Neighbourhood Plan to Mr James. Mr James had suggested that the Council should

first find a way of seeking the support of the Community – possibly through the use of social media. A discussion ensued as a result of which the Clerk was encouraged to ‘tweet’.

The purchase of a defibrillator

The Clerk reported that he has ordered a HeartSine Samaritan 500P AED together with an internal alarmed cabinet with simple thumb turn/cam lock at the quoted price of £1,029 +VAT. Both should be in place well before the end of November.

The purchase of redundant telephone kiosks

The Clerk reported that BT has decided to remove the telephone boxes from Carnkie, Porkellis and Trenear. However, the company has offered to sell these boxes to the Parish Council for £1 each. Following discussion, Cllr Mrs Moyle proposed, Cllr Mrs Mitchell seconded, all others in agreement that Wendron Parish Council should purchase and maintain these historic, iconic pieces of street furniture.

The purchase of a notice-board for Edgumbe

The Clerk reported that the iron framework has been returned to Mr Kevin Gerry’s workshop and that, weather permitting, Mr Salkeld has undertaken to erect both it and the notice-board within the next few days.

9 PARISH COUNCIL MATTERS

Co-option of Councillors

The Clerk reported that he has received no further expression of interest in standing for co-option as a Parish Councillor.

10 FINANCE

Members noted that, during the course of the Armistice Day Service, a poppy wreath was placed on the War Memorial on behalf of Wendron Parish Council. The Clerk asked members to consider making a donation both towards the cost of the wreath and towards the work of the Royal British Legion. Cllr Mrs Warren proposed Cllr Mrs Hook seconded all others in favour that, under the terms of S137 of the Local Government Act 1972, Wendron Parish Council should forward the sum of £100 to the Royal British Legion.
